

Freedom to Explore: Every Path Welcomes a Trampler!

MILES MORE MOBILITY ABILITY

MADE IN BRITAIN

Tramper Mobility Scooters: Your Door to the Great Outdoors!

Adventure Awaits...

Choose three wheels or four; your Tramper scooter is your passport to adventure. Conquer new terrains with our award-winning scooters, offering unparalleled access to the great outdoors for those eager to explore despite mobility challenges.

Built to Bring You Closer to Nature

Navigate effortlessly from expansive country estates to rugged, uneven country trails. Tramper turns obstacles like gravel paths, mud, streams, beaches, and snow into part of your adventure. Our robust design ensures you explore comfortably and safely, wherever your spirit leads.

Tailored for Your Needs

Each Tramper scooter can be customised to suit your lifestyle, with various seating, storage, and wheel options. Personalise your ride to meet your unique mobility needs.

Innovative Design for Effortless Travel

Our commitment to quality and innovation, recognised by the Queen's Award in 2009, underscores why trusted organisations like The National Trust and Disabled Ramblers chose our reliable Tramper scooters for their rugged performance.

Freedom to Roam with Confidence

Embrace freedom and independence with a Tramper scooter, engineered for every journey and designed specifically for you.

The All-Terrain Trampers

Choose Freedom: Discover the Tramper Advantage

Designed and built in the Wiltshire countryside, the Tramper all-terrain scooter is engineered to go wherever you desire—outperforming all others in versatility and reliability. Whether it's rugged trails or gentle paths, Tramper delivers independence right where you need it.

Try Before You Buy

Choosing your mobility scooter has never been easier or more inviting. With our exclusive 'Try Before You Buy' offer, you can test drive a Tramper right in your own community – where you plan to use it most. We'll bring the Tramper to you, anywhere in mainland UK, so you can explore your favourite spots with no cost and no obligation.

Test Drive on Your Terms

Take the Tramper for a spin through the paths and places you love. Feel the smooth handling over various terrains and experience first-hand how a Tramper can transform your mobility challenges into freedom. Our only condition? Please don't make a fuss when

we need to take it back after your test – unless, of course, you decide it's a perfect fit for your lifestyle and choose to proceed with the purchase.

Why Wait?

This no-pressure trial is designed to let you discover how a Tramper can effortlessly meet your outdoor mobility needs. Most of our testers are so impressed by the freedom and independence a Tramper offers, they can't wait to make it their own. Book your test drive today, and experience why a Tramper might be the best decision you'll make for improving your mobility and lifestyle.

Servicing and Maintenance: No Worries with Beamer Limited

At Beamer Limited, we don't just sell you a Tramper; we commit to maintaining it for its entire lifetime. Whether your Tramper has explored the peaks of the Welsh Mountains, the trails along the Eifel Mountains in Germany, or even braved the iconic curves of the Nürburgring, our promise holds strong.

Convenient Servicing Across the UK

Our dedicated agents are ready to travel across the UK to ensure your Tramper is in top condition. We recommend an annual visit to not only service your scooter but also perform a comprehensive safety check, keeping it as pristine as the day you bought it.

Two-Year Guarantee and Beyond

Enjoy a comprehensive two-year guarantee on all parts manufactured by Beamer Limited. Parts supplied by other manufacturers come with a one-year warranty, ensuring you still receive substantial coverage. For any issues after these warranty periods, your local sales and service agent is ready to assist with prompt and dependable repairs. Trust in our commitment to keep your Tramper performing at its best, no matter where your adventures take you.

Built to Last

Trampers are designed for durability. They've survived dives into lakes, tumbles from bridges, and even accidental aircraft exits—testaments to their rugged build. While we don't recommend testing these extremes, it's good to know your Tramper can handle almost anything.

Stay Adventurous, Worry-Free

With Beamer's After Care Promise, your freedom to explore is backed by our commitment to your Tramper's longevity and your safety. Keep your adventures going with a Tramper, maintained to explore and built to last!

Ready to Enhance Your Mobility and Freedom?

If the Tramper experience sounds right for you, don't hesitate to get in touch. Contact us today to learn more, schedule your no-obligation test drive, or discuss your mobility needs.
